this is a basic book in social casework its thesis is that among all the complexities within the subject matter and operations of casework there are certain constant elements forces and processes which give coherence and unity to its practice mrs perlman identifies and analyzes these constants and views them within the logical framework of problem solving in turn problem solving as a casework process is examined in its likeness to normal human problem solving efforts the result is an approach to learning and thinking about casework which is at once organized synthesized and imaginative the book s usefulness is enhanced by the author s lucid and pointed style

like the subject about which she writes perlman engages the reader immediately permitting a view into the author s rich and varied experiences threaded throughout with profound compassion for all those who seek suffer and strive this is a welcome and wise effort written with grace sense and deep humanism were it in my power i would make it mandatory reading for all those who seek to offer others help shirley cooper american journal of orthopsychiatry

ugc net social work pyq question bank

originally published in 1966 this book gives examples of the most advanced thought about casework by well known writers in england and the united states at the time the ground covered includes the use of some current sociological theory in casework analysis of the interpersonal relationships in casework new thought about the appropriate use of authority with people whose own internal controls are weak and unreliable and recent advances in understanding and working with people who respond to action more easily than to words these articles by well known authorities illustrate the increased range of insight and skill required of modern caseworkers and at the same time are highly readable conveying complex ideas in language refreshingly free from jargon

this brilliantly systematic and comprehensive textbook provides an integrated approach to social work theory methods and skills as the bedrock of all social work practice recognizing social work as a diverse activity that is rooted in common foundations it explains how practice both shapes and is shaped by professional purpose the text also explores the diverse range of social work practice methods available and aims to equip the reader with a foundation in the history and application of these varied approaches offering a step by

step discussion that will empower readers to critically develop and refine their professional toolkit for purposeful and innovative intervention this original rationale is an essential resource for any social work student or practitioner looking to build or consolidate their understanding of the range of methods and skills available for effective professional practice
